

Environmental Policy Statement

This is the Environmental Policy Statement of BD Structures Ltd and applies to all activities undertaken by. BD Structures Ltd.

The Company are committed to minimising the environmental impact of our operations.

In particular we shall achieve this through our commitment to:

- Comply with all relevant environmental legislation, which is applicable to our business and continually improve and review our policy and procedures to meet best practice.
- Design and alter our management systems or equipment, if required, to minimise our environmental impact especially in the areas of noise, waste generation, pollution control and energy use.
- Promote environmental awareness to all employees, subcontractors and provide appropriate training to their level of responsibility, through regular meetings and display information guides, posters etc.
- Be open and responsive to environmental expectations and the concerns of our Customers, government agencies and the public by providing and publishing relevant information about our environmental policy and the environmental impacts of our operations.
- Ensure our customers are aware of our Environmental Management Policy on reuse and recycling and to encourage them to adopt similar principles.

To ensure that this policy is effective, we will:

- Review it annually, or on significant changes in our business.
- Make any such changes known to employees and other interested parties.
- Maintain procedures for communication and consultation between all levels of staff on matters of environment.
- Retain a Competent Health Safety Environmental Advisor
- Arrange for quarterly HS&E Inspections, updates to be carried out
- Set Objectives and Programs annually to meet our policy and legal register of aspects and impacts
